**Subject:** RE: Form Returned: Letter\_of\_Protest\_Form\_pub\_0001.pdf

Dear Mr. Monahan,

This is to acknowledge receipt of your email to the Public Service Commission. I am forwarding your email and Letter of Protest to our Clerk's Office for processing. Your email and Letter of Protest will become a part of Docket No. 2012-177-WS and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling  
Administrative Assistant

**1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)**

Concerned citizen and water user (household and lawn).

**2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)**

Given that my water used for my irrigation system departs from my house and not directly from the street, I have so far been unable to get a separate water meter for my irrigation system.

As such, this increase would significantly increase my cost for watering my lawn (without separate meter, my irrigation costs me sewer fees, even though I don't technically use most of what I am charged for - since irrigation doesn't use sewer).

This would cause me to use my irrigation less, and possibly use water even less. This would also cause me to give up on a beautiful, green lawn for the summer, and maybe in general.

I believe I am not alone, and more folks would stop using water to irrigate...thus reducing overall revenue from water for the department.

**3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \***

No. I am not an official expert in this area, so probably not.
